

Livingston County RoboSumo Competition!

A Robofest Qualifying Event for Middle and High School Students

March 24, 2007. 1:00 - 4:00pm

Charyl Stockwell Academy
9758 E Highland Road
Howell, MI 48843

Hosted by: Kensington Woods High School Robotics Club and Charyl Stockwell Academy.

What: Test your skill in building and programming robots! Your robot will go head to head against the competition in a Robot Sumo match. Push the other robot out of the ring and you win! Junior (grades 5-9) and Senior (grades 9-12) divisions. Senior division with bigger robots and Sumo ring.

The winners of this competition qualify to compete in the Robofest World Championship at Lawrence Technological University in Southfield on April 28, 2007!

Who: Middle and high school robotics clubs in or near Livingston County, MI. For students, families, and coaches. All ages are welcome!

Rules: See www.techclubs.org for complete rules and current information.

Awards: Trophies for 1st, 2nd, and 3rd place in each division. Medals for all participants.

Registration: Visit www.robofest.net to register. Also please email David Coupland, dcoupland@kensingtonwoodshs.com, if you plan to attend.

Cost: \$40 per team to register with Robofest. One robot per team, but you can have several teams from one school. No additional cost for this regional competition.

Bring: Robots, robot kits, laptops for programming, lunch or snacks. No food in the gym, but you can eat in the hall.

Questions? Contact: David Coupland, dcoupland@kensingtonwoodshs.com, (517) 545-0828 x240
